

CONSIDER A CAREER IN MARINE PILOTAGE!

The Washington State Board of Pilotage Commissioners, Puget Sound Pilots, and the Port of Grays Harbor invite you to take a closer look at the world of marine pilotage in Washington State. There is no higher aspiration in the maritime industry than to become a member of this elite group of professional mariners. As a pilot in Washington State, you will have a stimulating career in one of the most beautiful regions in the country!

What does a pilot do?

Working with the captain on the ship's navigating bridge, pilots direct vessels into and out of harbors, straits, rivers, and bays using specialized local knowledge of local weather, tides, and currents as well as handling characteristics of the wide variety of ships that call there.

Where does a Washington State pilot work?

There are two districts in Washington State; Puget Sound Pilotage District and Grays Harbor Pilotage District. Descriptions of these districts can be found in the Pilotage Act, [RCW 88.16.050](#).
